WHAT IS COSTUME CON?

It is an **annual** convention dedicated to the art and craft of Science Fiction, Fantasy and Historical costume design and construction.

At this convention, those attending can select from a wide variety of panels and workshops those topics which they find interesting, including beadwork, electronics, design, corset making, construction and sewing techniques, stage presentation, and more.

There are **two** masquerade contests: One for SF/F costumes where almost anything goes as far as imagination, and the other for Historical costumes, where the emphasis is on accuracy from the skin out. In addition, there is a Future Fashion Design Contest that anyone can enter by sending in sketches depicting their versions of what will be worn in the future by aliens, business people, the military, children, for ceremonies, etc. The winning designs are published in a Folio and many are made up to be modeled in the Future Fashion Show.

CostumeCon has **exhibits**, a **hucksters room** filled with fabrics, beads, books and other delights, as well as **videos** of past masquerades, some wonderful parties and much, much more.
